Hand-crafted from select Italian marble and travertine, all tabletops from Ancient Mosaic Studios are made in the U.S.A. by skilled artisans using only the finest materials and techniques. With our unsurpassed record for quality, we create, simply, the best stone tabletops on the market.

We begin by carefully hand-selecting all our stone to ensure beauty, quality, and match—an intricate process that gives our tables unparalleled elegance and sophistication. Laid out by hand into our signature designs, the stone is bonded to our proprietary core, which has never failed in our 15 years of operation. Each tabletop is hand-sanded to a luxuriously smooth surface with our standard bull nosed edge or with one of several proprietary carved edges. Only the best grouts are used, and all are sealed for superior protection.

Each tabletop is unique, of heirloom quality, and backed by a six-year warranty—the best in the industry. Care and maintenance is extremely simple, and when properly cared for, our tables will last for generations.

Ancient Mosaic Studios tabletops come in more than 80 designs, 9 shapes, and 65 sizes—standard. We make tabletops from 20 inches round up to 78 inches round, and 12 foot long rectangles and ovals. Our artisans are also happy to collaborate on custom projects, including color and material substitutions, alternative sizes and shapes, and specialized individual designs.

CUSTOM CAPABILITIES (ANCIENT MOSAIC STUDIOS TABLETOPS)

Ancient Mosaic Studios is capable of full custom work and invites you to create a mosaic top to suit your personal taste. We offer an array of options that allow you to:

• Substitute different marble colors in one of our signature designs
• Alter the size or shape of a table to meet your needs
• Create your own custom design for our artisans to manufacture

COLOR CHANGES

We provide design schematics such as the one shown here to our design and retail showrooms. You can easily use the schematic to specify color changes for your tabletop. We accept color changes within the following parameters:

1. Light, medium, and dark travertine are the only options wherever travertine is specified in the item descriptions.
2. Wherever marble is specified, any of our 13 marble colors or 3 travertine options may be selected.
3. Any of our great colors may be selected.

Our travertine is unfilled and porous, and when grouted, the stone’s characteristics are highlighted. Light travertine with almond grout or dark travertine with hemp grout provides a sleeker look and a more rustic appearance results from light or dark travertine with gray grout. You may also specify least or most pitted travertine. Simply specify any changes you would like to make on your order – we do not charge additional fees for making stone or grout substitutions.

SIZE/SHAPE CHANGES

Almost all of our designs are offered in more than 70 standard sizes, but in addition, we are happy to accommodate custom sizes and shapes. We have manufactured dramatic twelve foot dining tables and created odd-size tables to fit specific locations on yachts and lanais. Please submit your requirements and we will respond promptly with a quote.

SUBMIT YOUR OWN MATERIAL

Our artisans can work with your stone and in some cases with other materials, such as glass. Please call us to discuss your requirements.

SUBMIT YOUR OWN DESIGN

Ancient Mosaic Studios will make every effort to manufacture a completely new design to meet your specifications. Please submit your requirements and/or sketches and we will respond promptly with a quote.

STONE TABLETOPS

All Ancient Mosaic Studios and Casual Rustics tabletops are coated with our own stone enhancing sealer. The finest protection available, our sealer provides extraordinary resistance from stains and moisture and helps maintain the stone’s natural color. For optimum protection, tops should be recoated every 6 to 12 months. It takes just a few minutes to distribute an even coat of the sealer and then wipe the tabletop dry. Airborne dust and dirt can easily be removed with plain water. For more thorough cleaning, use a pH neutral cleaner such as Simple Green, a water-based biodegradable cleaner available in most supermarkets. Avoid ammonia-based cleaners, which can break down the sealer. Spills should always be cleaned up reasonably quickly, since over time they may begin to penetrate the sealer.

Ancient Mosaic Studios’ Stone Enhancing Sealer is available wherever our tabletops are sold. For additional help in obtaining our sealer, you may call us at (772) 460-3145 or email us at info@ancientmosaic.com

STORAGE

Always seal the tabletop before each winter. We recommend that tabletops be stored in a dry area in cold climates or be covered with a suitable outdoor furniture cover. Make a tent with the cover so that it is not touching any part of the tabletop—this will promote airflow and allow moisture to escape. It is possible that moss sitting on a tabletop for an extended period of time could cause moisture to penetrate the sealer. Marble is porous, and if moisture were to enter the stone and freeze, the stone’s characteristics could be endangered. Marble is non-porous, and if moisture were to enter the stone and freeze, the stone’s characteristics will be impaired. Always seal the tabletop before each winter. WARRANTIES

CAST ALUMINUM & EXTRUDED ALUMINUM FRAMES AND BASES

For residential use: 10 years frame, and 5 years finish. If the frame fails structurally within 10 years or if the finish peels or blisters within 5 years, we will replace, repair, or refinish (at the company’s option) the frame in the original color and style, if available, or in a similar color/style if discontinued.

CUSHION FABRIC

For residential use: 1 year. If the fabric on a cushion fades excessively or develops mildew within 1 year, we will repair or replace the fabric (at company’s option) in the original color and style if available, or in a similar color/style if discontinued.

FAUX STONE BASES

For residential use: 2 years.

TABLETOPS

Marble is a natural material and colors/characteristics will vary; many of our tabletops replicate old Italian floors, and the stone may have chips, pits, surface cracks, gouges, or corners missing—these aspects enhance the character of the tabletop. They are not defects, and in no way diminish the structural integrity of the tabletop.

For residential use: Ancient Mosaic Studios tabletops are warranted to the original purchaser for the period of six years from date of purchase, to be free from defects in materials, and workmanship. Casual Rustics tabletops carry a warranty of 3 years and Parvenza composite tabletops have a warranty of 2 years. Ancient Mosaic Studios, LLC warrants to the original purchaser that tabletops deemed defective by the company, covered by warranty, will be replaced or repaired (at the company’s option) when returned to the factory at purchaser’s expense, during the warranty period. The replaced or repaired tabletops will be shipped back to original purchaser at no charge.

This warranty does not apply to any tabletop which has been damaged by freight or accident or which has been misused, altered or repaired by anyone other than Ancient Mosaic Studios. Tabletops must be re-sealed on a regular basis to protect the stone, or the warranty is voided. No person is authorized to assume for Ancient Mosaic Studios any other liability in connection with the sales of the products. In no event shall Ancient Mosaic Studios be liable for any incidental or consequential damages related to the merchandise.

There are no warranties, which extend beyond the description on the face hereof.
